

# NOT | BUT WHERE | WHO

## Uncertainty 11/28/2021

### OVERVIEW

Where is God in the uncertainties and stresses of our lives today? We see in the account of Job that the better question is **not where** is God, **but who** is God? God never changes and who He is does not depend on our circumstances and situations. When we refocus our attention on the **who**, we align our hearts with the One – the Perfector and Creator of all things.

Scriptures: Job 23:1-4,8-9; 36:22-23,26-27; 37:5,14-15

### APPLICATION

- Where are you experiencing stress because of uncertainty in your life?
- What stood out to you as you heard Jeremy read the account of Job?
- How have you been focusing your attention and efforts on the **what** of your stress versus the **who**?

### NEXT STEPS

The holiday season is a busy time of year. Over the next weeks leading up to Christmas, take time to dwell in God's presence. Focus your attention on the **who** of Jesus: on His characteristics, His provision, His glory, etc.

- Share ways you can refocus your attention on the **who** and align your heart with the Creator of the universe this week.
